

X Bonus Agreement

1. A new deposit bonus, "**X Bonus Promo**", is introduced for each region, with a multiplier ranging from x10 to x1000 based on the region.
2. Every Client who opens a trading account through the dedicated X Bonus landing page or partner links belonging to the special x10 group (hereinafter referred to as "X-accounts") is entitled to receive a deposit bonus with a multiplier ranging from x10 up to x1000, depending on the amount of funds deposited and the Client's region.
3. The bonus offer becomes available to the Client after the first and only funding of an X-account. The Client must submit a bonus request via the Secure Area for the bonus to be credited to the trading account.
4. As part of the promotion's terms, the client undertakes to post a positive review on one of the resources provided by the company.
5. Each X-account may be funded only once; however, the number of X-accounts that may be opened by a Client is not limited. The bonus is non-withdrawable, non-transferable, and may be used exclusively for trading purposes.
6. The amount of the bonus depends on the amount of the deposit and the Client's region of residence. For each region, a Minimum Bonus Balance ("MBB") is established by analogy with the Minimum Deposit Requirement (MDR) and is equal to two percent (2%) of the MDR applicable in that region. For instance, if a country has a Minimum Deposit Requirement ("MDR") of \$500, the corresponding Minimum Bonus Balance (MBB) would be \$10, which represents 2% of the MDR.

- a. Bonus at Minimum Balance Calculation

Where, at the time of submitting an application for the bonus, the balance of the Client's account is equal to the applicable MBB, the Client shall be entitled to receive a bonus in an amount equal to x10 the MBB. Accordingly, for a region in which the MDR is set at \$500, the applicable MBB shall be \$10, and the corresponding bonus payable on such balance shall amount to \$100.

- b. Bonus Above the Minimum Balance Calculation

Where, at the time of application, the funds credited to the Client's account exceed the applicable MBB, the amount in excess of the MBB shall be taken into account for the purpose of calculating the bonus multiplier. The excess

X Bonus Agreement

amount shall be multiplied by 0.05, and the resulting figure shall be added to the base multiplier of ten (10) to determine the applicable bonus multiplier. Accordingly, where the MBB is \$10 and the account balance is \$77, the excess amount of \$67 increases the multiplier to 13.35. Applying this multiplier to an account balance of \$77 in a region with a MDR of \$500 results in a total bonus amount of \$1,027.95.

7. Trading on X-Accounts shall be subject to the following conditions:
 - (i) trading on X-Accounts is allowed without instrument restrictions and is available on all Forex currency pairs offered in the Company's trading terminal.;
 - (ii) the maximum leverage available shall not exceed 1:30;
8. (i) When the Customer account margin level is less than 30%, margin call triggers. The Company has the right, however, is not obliged to close the Customer position. It is at the Company's discretion whether to close the position or not.
 - (ii) If the current trading account state (equity) is less than 10% of the margin necessary to maintain an open position, the Company reserves the right to force a Customer position close without prior notice.
9. The account may withdraw only amounts exceeding the bonus, subject to the following conditions: (i) the Client may withdraw the amount equal to their own deposited funds at any time; however, such withdrawal will result in a warning regarding bonus cancellation; (ii) if the withdrawal of the amount equal to the Client's own deposited funds is completed, the bonus is canceled automatically; and (iii) the profit earned prior to cancellation remains on the account subject to standard withdrawal rules.

After the withdrawal, the Client can open a new X-account and start again.
10. The Client may earn profit through referrals by going to the client cabinet on the X-account page. The information on referral accounts, including partial name, account opening date, deposit amount, contact details, trading statement, compliance status, and verification options, is displayed in the Client Cabinet under the X-account page and is available only to the agent under whom the referral account is registered.
11. The referral list must be sent for compliance verification. The review request is generated automatically and sent from the X-account page in the client area. In

either case, the account status shall be updated accordingly, and a notification email shall be sent to the agent. Each referral account may be submitted for verification up to ten (10) times.

12. The profit earned through referrals may be withdrawn in an amount equal to 25% of the total deposits of referral accounts attracted with the same product, provided that the account is approved by the Dealing Department as meeting the Company's activity criteria.
13. The determination of activity criteria is entirely at the Company's discretion; however, it is expected that accounts engaging in active and genuine trading—and not trading intended to exploit the system—will generally result in 80–90% of referral accounts being approved as qualified.
14. The Company reserves the right to temporarily withhold activity-compliant status for any referral account at its sole discretion, without limiting the participant's ability to submit future requests.
15. For each referral account, no more than ten (10) verification requests may be submitted, and requests may be made no more than once per week. After ten (10) attempts, the referral account shall be permanently marked as non-compliant.
16. All internal transfers, participation in other bonus programs, and use of RFT (Risk-Insuring / Profit-Tripling Program), PAMM, ForexCopy, or similar services are strictly prohibited. Violation of any restriction results in immediate cancellation of the bonus and may lead to further account limitations.
17. The Company reserves the right to cancel the bonus, adjust profits, restrict withdrawals, or terminate participation in the program at any time if signs of abuse or violation of these conditions are detected. All decisions of the Company regarding the interpretation and application of this Agreement are final.
18. The Company reserves the right to amend or modify the terms of this bonus program at any time without prior notice.
19. The official language of this Agreement is English, and in case of discrepancies between language versions, the English version shall prevail.
